Members of AWEC please note

To ensure we have enough helpers for the competition if you are a member of AWEC and you wish to ride we require that you or your designated helper assist for at least 1 hour during the competition. This could be in the form of test collection, pencilling, gear stewarding, scoring or taking down arena's etc. The committee has decided if you are not prepared to assist in some small way then we will not be able to accept your entries. As they say 'many hands make light work' and of late the work load for a few has been very heavy.
